Automated assessment, not a survey. For each boat we show what speaks in its favour; risks, model weaknesses and recalls are only checked in the pre-purchase review. Notes on the last page.

Your ten best boats

Profile

Budget	550,000 € all-inclusive (turnkey)	Cabins	at least 4
Length	from 40 ft (12.2 m); we also show boats up to 5 % shorter	Sailing plans	Circumnavigation / blue water
Preferred locations	Mediterranean, North Sea, Baltic Sea, Atlantic coast, Caribbean, USA and Canada, Indian Ocean and Pacific	VAT	EU VAT paid
Ex-charter	accepted	Equipment	as fully equipped as possible
Purchase and holding period	Purchase 2027, 3 years, sale 2030		

Sample: This selection is compiled to match the sample profile from boats that have since been sold. This is what your report looks like – with boats that are offered at the time of your order.

Overview

RANK	BOAT	LYING	ASKING PRICE	TOTAL COST (TURNKEY)	FITS YOUR REQUIREMENTS	CONDITION	PRICE	COSTS
1	**Leopard 48** · 2013	Preveza	320,000 €	370,594 €	check	check	good	good
2	**Lagoon 39** · 2015	Montenegro	238,000 €	292,951 €	check	check	good	good
3	**Lagoon 450** · 2018	Netherlands/Holland	345,100 €	420,151 €	check	check	good	good
4	**Leopard 40** · 2018	Croatia	269,000 €	326,126 €	check	check	good	good
5	**Leopard 40** · 2018	Croatia	279,000 €	367,866 €	check	check	good	good
6	**Leopard 40** · 2017	Fort Lauderdale	364,568 €	397,535 €	check	good	good	good
7	**Bali Catspace** · 2020	Primošten	474,572 €	473,154 €	check	check	good	good
8	**Lagoon 450** · 2013	Pula	321,300 €	387,000 €	check	check	good	good
9	**Bali 4.3** · 2019	Parham Town	373,065 €	469,402 €	check	check	good	good
10	**Outremer 45** · 2004	France	299,000 €	502,679 €	good	check	good	good

How to read the four columns – good · check · critical. The reasoning is on the boat's page; all terms are explained in the legend at the end.

Fits your requirements	Does the boat meet your specifications (budget, cabins, length, location, previous use) and is the model suitable for your plans? Amber for one or two deviations, red for three or more.
Condition	Does the listing say enough about the condition? Amber if engine hours, condition or refit are missing, if the required items (refit and equipment together) exceed 10 % of the price, or if it is an ex-charter boat you did not want. Red if there is a damage note.
Price	Asking price compared with the median (middle price) of similar listings in our listings database (same model, year of build ±2, where there are too few ±4 or all years of build; the boat itself and its duplicate listings are not counted): green up to 3 % above, amber up to 12 %, red above. If the asking price is 25 % or more below, it is amber ("conspicuously cheap" – ask why). If there are no comparable boats, the light stays green.
Costs	Does the total cost (turnkey) fit your budget? Amber for less than 5 % reserve, red over budget. If VAT has not been demonstrably paid, it is already included in the total cost.

Total costs include the negotiated purchase price, mandatory repair work, equipment, ancillary costs and delivery.

SAMPLE

Leopard 48 – 1 boat in your selection (rank 1)

- The robust construction with balsa sandwich and steel beam withstood even a collision with a fish farm without structural damage.
- Generous living space with almost two metres of headroom, a forward cockpit and a well-organised electrical system ensures a high level of comfort on board.
- The very high value retention and the below-average refit requirement make the Leopard 48 a sound buy.

SAMPLE

Leopard 40 – 3 boats in your selection (rank 4, 5, 6)

- With fixed keels, the Leopard 40 proves robust in a grounding and does without vulnerable daggerboard cases.
- With two people the boat is easy to sail; all lines lead within easy reach to the raised helm station.
- Galley up, flybridge and foredeck create high liveability; the windscreen and forward door bring light and ventilation in the tropics.

SAMPLE

Bali Catspace – 1 boat in your selection (rank 7)

- The vacuum-infused PVC foam core gives a robust build without balsa or honeycomb core.
- The solid foredeck instead of trampoline creates safe, generous exterior areas and has proven itself on circumnavigating catamarans.
- Galley up, open saloon, flybridge and the transom gate make life on board convincing; the boat holds its value well.

In favour of this boat

- Fits the budget – 76,846 € reserve once turnkey
- On board: watermaker, solar, generator, autopilot, air conditioning, dinghy

474,572 €	422,369 € – 450,843 €	473,154 €	314,000 €
Asking price with VAT added as a precaution (listing states 398,800 €, excl. VAT)	realistic purchase price	Total cost (turnkey)	estimated sale price 2030

Fact sheet

Length	40.4 ft (12.30 m) per builder, listing 12.05 m
Cabins and heads	4 cabins, 4 heads
Version	Charter version
Engine hours	not stated
Previous use	Previous use unclear
VAT	Price excl. VAT – VAT added as a precaution
Lying	Primošten, Croatia

Market and costs

With us since 5 Sep 2026 (60 days) – price unchanged.

Target price for your offer: **422,369 € – 450,843 €**

Preparing her as a turnkey boat: **26,052 €** – Required refit & safety upgrades 13,861 € (4 items), upgrades for your plans 12,191 € (2 items).

What the boat will cost you up to the sale in 2030: **159,154 €** (Total costs minus estimated sale price, excluding running costs).

How the total costs are made up: Asking price 474,572 € → negotiated purchase price 436,606 € (-8 %, incl. VAT added as a precaution) + refit 13,861 € + equipment 12,191 € + ancillary costs 7,496 € + delivery 3,000 € = **473,154 €**

Fits your requirements: check	Condition: check	Price: good	Costs: good
Model suitable with restrictions; year of build suitable with restrictions	Some details missing from the original listing (engine hours, condition, refit)	no comparable boats of this model in the database	76,846 € reserve within budget

Equipment according to the listing

✓ Watermaker · ✓ Solar · ? Lithium batteries · ✓ Generator · ✓ Autopilot · ✓ Air conditioning · ? Heating · ✓ Dinghy

? = not stated in the listing. Whatever is missing for your plans is covered under the refit.

Condition by area (0–100)

Structure	62
Propulsion	22
Equipment	80
Accommodation	79
Layout	50

From the details in the listing; n/a = the listing says too little on this. The reasoning for each area is set out in the pre-purchase review.

The pre-purchase review for this boat calculates the 6 items of the refit (26,052 €) individually, justifies the target price of 422,369 € – 450,843 €, assesses the 2020 year of build of the model and provides you with 5 areas as a survey brief for the marine surveyor and 10 questions for the seller. The pre-purchase review examines these areas in more detail for this boat:

- Rudders and steering
- Engines and saildrives
- Electrical and electronics
- Water, gas, sanitation and refrigeration
- Interior fit-out
- Condition: ask the seller

SAMPLE

Bali 4.3 – 1 boat in your selection (rank 9)

- The solid foredeck replaces the trampoline and forward beam and creates a large, safely walkable area in front of the saloon.
- Hull and deck are infused with closed-cell PVC foam, which results in a stiff and robust construction.
- The very large open saloon with tilt-up transom door and flybridge offers a high standard of living, and the large number on the market makes the boat search easier.

SAMPLE

Outremer 45 – 1 boat in your selection (rank 10)

- Below the waterline solid laminate, above it a foam-core sandwich – that gives a stiff, durable build with RCD Category A.
- Two daggerboards and balanced rudders make the catamaran agile and easy to sail with a small crew.
- The long production run until 2025 and the active yard service support good value retention and spare parts supply.

Legend and terms

Rank	Ranking by our overall assessment ("purchase rank"): model, condition according to the listing, price, total cost and provenance taken together, less the upgrades needed if you want a boat that is as fully equipped as possible, and less a deduction for ex-charter boats if you would preferably not have one. On these figures, rank 1 best matches what you have told us.
Asking price	Price according to the listing, converted into euros.
Realistic purchase price	Range within which the boat can presumably be bought according to our analysis of comparable sales (negotiating range): depending on price bracket, time on the market, previous price reductions and season.
Total cost (turnkey)	Negotiated purchase price + mandatory repairs + necessary equipment for your plans + ancillary costs + delivery. For each boat this calculation is shown in full (“How the total costs are made up”). This is the figure we compare with your budget.
Negotiated purchase price	Asking price minus the discount that was usual in this price bracket for comparable sales (adjusted for time on the market, previous reductions and season). If EU VAT is not demonstrably paid, we add it as a precaution.
Refit / equipment	Required items: what according to the listing still needs repairing or retrofitting for your plans, each item with the average from our refit catalogue. For coastal cruising we do not include blue-water equipment.
Ancillary costs	Survey, rig inspection, registration and flag, documents, around 1 % for broker, escrow and contract as well as a flat fee for viewing and lift-out.
Delivery	Flat fee according to the region where the boat is currently located – in the Mediterranean around 3,000 €, from the Caribbean or Indo-Pacific significantly more (up to around 45,000 €). A berth sold with the boat is credited against the cost.
Required items	Repairs and equipment that the boat still needs according to the listing before it is ready for your plans – each item calculated with the average from our refit catalogue.
Reserve	Budget minus total costs – the margin for the unforeseen.
Estimated selling price	What the boat will presumably still fetch at the end of your holding period, based on the value development of comparable boats. An estimate, not a commitment.
Ex-charter	Boat was in a charter fleet. Often well maintained, but used more heavily and mostly in charter layout.
VAT paid / unclear	Whether EU VAT for the boat is demonstrably paid. If it is not, it may become due on import into the EU – we then include it as a precaution.
In favour of this boat	The strengths of this offer from our analysis: budget, price compared with the market, price development, condition and equipment according to the listing. What to check before a purchase is in the pre-purchase review.
Photos	For the model: illustration from yard documents or, where none is available, photo of an offered boat of this model. For the boat: up to five photos from its listing, one each of exterior, saloon, cabin, cockpit, galley or heads.
Added (*)	A boat of a model you did not select but that matches your details — so that your shortlist contains ten boats.
With us since	Since when we have carried the listing in our evaluation, and how the price has changed since then. The listing may have been online for longer.
Refit	Required refit & safety upgrades plus upgrades for your plans, as a total. The individual items with amounts are in the pre-purchase review.
What the boat costs you	Total cost (turnkey) minus the estimated sale price at the end of your holding period – the depreciation including the refit, excluding running costs such as berth, insurance and maintenance.
Condition by area	Structure, propulsion, equipment, liveaboard comfort and layout from 0 to 100, based on the details in the listing and our model knowledge. 100 means: according to the listing, no deferred maintenance. The reasoning is given in the pre-purchase review.

Abbreviations: ft = feet (1 ft = 0.3048 m) · m = metres · € = euro · VAT = value added tax · EU = European Union · ±2 = up to two years older or newer · traffic light: green = good, amber = check, red = critical.

SAMPLE

What this shortlist is – and what it is not

Automated analysis based on public listing details and documented model knowledge, data as at 4 Nov 2026. Not a survey, not an inspection, no legal, tax or financial advice. For each boat we state what, in our assessment, speaks in favour of the boat. The shortlist is not a complete assessment: risks, known model weaknesses, recalls and reported experience are examined only in the pre-purchase review of the respective boat. Seller information has not been verified on site. Prices, costs, negotiation ranges and resale values are estimates based on fixed rules. The photos of the boats come from the respective listing and show the boat offered; the rights lie with the provider or photographer. Model images come from builder documentation (© builder, credit shown on the image). They serve only your personal purchase decision. The links lead to listings on third-party portals; the providers are responsible for their content and details. The links carry the origin identifier "catamaran-radar.com" and do not transmit any personal data. Listings change constantly; after 30 days you should no longer use the shortlist without re-checking it. Before a purchase: inspection, survey by a marine surveyor and review of the documents. Texts are drafted and translated with the support of a language model; figures, selection and ranking come from our rule-based assessment. We do not broker boats, receive no commission and are independent of builders, brokers and portals. We name builder, model and portal names only to identify boats and sources; they are trademarks of their owners. Found an error? Write to us at shop@catamaran-radar.com. Our terms of use and general terms and conditions apply.

Catamaran Radar is a service provided by WE SUCCESS Consulting GmbH, Wachaustr. 11, 70469 Stuttgart.
